**BRIEFLY:** The 8<sup>th</sup> annual Mosser “Haunted” Woods will be held Saturday, October 29<sup>th</sup> 6:30-9pm at Mosser Elementary School, 129 S. Dauphin Street. Members of the South Whitehall Lions Club are responsible for transforming Mosser Woods into a spooky, haunted woods complete with costumed characters, props, lights, and sounds. Volunteers from the Lions Club, Mosser staff, parents, students and the many friends of Mosser make it all happen. The Allentown firefighters provide lighting for those waiting in line and the Allentown police help with safety and traffic control.

Each year between 1,000-1,200 adults and children visit the haunted woods...and all return! This FREE event is possible thanks to the volunteers throughout the community who make it happen.

“This annual event is safe and great fun for area residents,” says Peggy Egolf, Mosser first grade teacher. “Our teachers, students and volunteers enjoy inviting residents to Mosser Woods, which serves as a great resource to our students. It’s fitting that Halloween has become a special event here.”
