229. STUDENT FUND RAISING	
1. Purpose	This policy shall relate to all student fund raising. Students shall not be required to engage in fund raising. 2. Definition	Student fund raising includes the solicitation and collection of monies by students for any purpose, including an exchange for services rendered such as washing cars, or the sale of products such as food stuffs, tickets, papers, advertising or any other goods.
3. Authority SC 511	Student fund raising may proceed only after securing approval from the principal and appropriate central staff administrator.
Board Policy 618	All school and/or group fund raising activities shall be coordinated by the principal to insure that similar drives are not conducted at the same time.
