## GENERAL RFP TERMS AND CONDITIONS

### ASD COMMITMENT TO EQUITY

ASD's commitment to equity is rooted in its Equity Policy, adopted by the Board of Directors in January 2017. One of the few districts in Pennsylvania with such a policy, ASD and its Board of Directors are leading the State in ensuring equitable and fair educational opportunities for all students. We will demonstrate this commitment by providing individualized learning and instruction to all students regardless of their academic classification, language proficiency, or other needs. Additionally, the school district is committed to creating and sustaining racially and ethnically access to a high standard of teaching, learning, and success for all students. A core value of the organization is the alignment of equity with outcomes and accountability at all levels of the organization, including departments, buildings, classrooms, and students. To prepare our students for global citizenship in a digital age, this District-wide approach to equity is integral to ensuring that our students have the best post-secondary opportunities

### SCOPE OF SERVICES

We have three goals for an Equity Audit. First, we would expect the audit to help us approach this vital work more strategically and effectively by identifying and prioritizing critical areas for growth and improvement and recommending approaches to the change process. Second, we expect the audit to examine policies and protocols within the district and ensure that they support progress toward a fairer distribution of resources to ensure that the school district supports all students and ASD community members in an equitable matter.

The Allentown School District is seeking an external consultant to assess the following:

1. Curriculum and instruction
2. Culture and Climate
3. Talent recruitment, retention, and development
4. Family and community engagement
5. District policies and practices (e.g., student discipline, access to AP coursework)

The goal of the assessment will be to analyze the extent to which the District is providing equitable opportunities and access to programs and resources for all students in these specified areas.

The consultant will consider quantitative and qualitative data, along with current research in the field, to identify strengths and weaknesses, prioritize specific strategies for improvement, and recommend approaches to implement meaningful and lasting change.

### RFP REQUIREMENTS

A qualified consultant will have experience supporting equity efforts in K-12 public education, a strong grounding in equity and integration research, an understanding of intersectionality, and a commitment to promoting equity and integration. Consultants with organizational assessment and strategic planning experience in other sectors are also strongly encouraged to bid.

## **DELIVERABLES:**

### Vendor Violation or Breach of Contract Terms

In addition to other terms stated in the Contract, Vendor at no cost to the District shall promptly correct any errors, omissions or defects in any product, services, or other item Vendor is required to deliver. The District reserves the right to reject any item reasonably determined by the District as containing errors, omissions or defects or otherwise failing to conform to the Contract. ## 2. CONTRACT PROVISIONS FOR NON-FEDERAL ENTITY CONTRACTS UNDER FEDERAL AWARDS

In addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the non-Federal entity under the Federal award must contain provisions covering the following, as applicable.

A. Under 2 CFR Part 200, and specifically § 200.327 and Appendix II, contracts for more than the simplified acquisition threshold (currently set at \$250,000), which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council as authorized by 41 U.S.C. 1908, must address administrative, contractual, and legal remedies if contractors violate or breach contract terms, and must provide for appropriate sanctions and penalties.

B. Under 2 CFR Part 200, specifically § 200.327 and Appendix II, all contracts in excess of \$10,000 must address Termination for Cause or for Convenience by the District including the manner by which it will be affected and the basis for settlement. [SEE ABOVE #1 OF APPENDIX A]

C. Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of “federally assisted construction contract” in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 CFR part 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.”

41 CFR Part 60-1.3, states that “federally assisted construction contract” means any agreement for construction work which is paid for in whole or in part with funds obtained from the Government or borrowed on the credit of the Government pursuant to any federal program involving a grant, contract, loan, insurance, or guarantee under which the applicant itself participates in the construction work. The equal opportunity clause provided under 41 CFR 60-1.4(b) is hereby incorporated by reference. The Vendor agrees that such provision applies to any District purchase or contract that meets the definition of “federally assisted construction contract” in 41 CFR Part 60-1.3 and the Vendor agrees that it shall comply with such provision.

**The District has determined that the Contract [is not] a federally assisted construction contract.**

D. Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. 3145), as supplemented by Department of Labor

regulations (29 CFR Part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or sub-recipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

**The District has determined that these requirements are not applicable to the Contract.**

E. Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all construction contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

**The District has determined that these requirements are not applicable to the Contract.**

F. Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of “funding agreement” under 37 CFR §401.2 (a) and the recipient or sub-recipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the recipient or sub-recipient must comply with the requirements of 37 CFR Part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency.

Vendor certifies that it is not currently listed on the government-wide exclusions in SAM, is not debarred, suspended, or otherwise excluded by agencies or declared ineligible under statutory or regulatory authority other than Executive Order 12549. Vendor further agrees to immediately notify the District during the term of the contract if the Vendor is later listed on the government-wide exclusions in SAM, or is debarred, suspended, or otherwise excluded by agencies or declared ineligible under statutory or regulatory authority other than Executive Order 12549.

The contractor must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award.

If comparable product(s) are proposed in the bid, the bidder must provide a detailed comparison for each to include a list of all the significant qualities of the product named in the specification and those of the proposed alternate product(s). Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer, recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. C. The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

D. The contractor will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice to be provided by the agency contracting officer, advising the labor union or workers' representative of the contractor's commitments under section 202 of Executive Order 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

G. In the event of the contractor's non-compliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be canceled, terminated or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

H. The contractor will include the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as may be directed by the Secretary of Labor as a means of enforcing such provisions including sanctions for noncompliance: Provided, however, that in the event the contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction, the contractor may request the United States to enter into such litigation to protect the interests of the United States.
