

SCHOOL DISTRICT OF THE CITY OF ALLENTOWN

Middle School Student End-of-Year Schedule and Newcomer Middle School (7-8) Student End-of-Year Schedule 2018-19

As a reminder for all of us, the state minimum standards for instructional time in the school year is 180 days and 990 hours. Also, the state now audits schools individually (not by average of elementary, middle, or high schools' instructional time). If a school would not meet the state's minimum requirements, my office would adjust the schedule to insure compliance to state requirements.

Below please find the middle school schedule. Do not vary from the schedule and notify all constituencies.
