

Students, Families and Professionals Share your Secondary Transition Experiences Have Your Voices Heard!

Allentown School District and the Transition Discoveries Initiative want to learn from you by hearing what works to support young people as they prepare for success in community, getting more education after high school and figuring out how to live successfully!

If you are a current or former student, family member, staff/educator working in a school (middle through higher-ed), a district, provider, organization, business, or agency serving Allentown students, please consider participating in this study. You will complete a confidential survey to share your experiences.

Click the link to share your experiences!
